PROFESSIONAL SUMMARY

Motivated **MCA graduate** and strong skills in Core Java, JDBC, HTML, CSS, JavaScript, and MySQL. Experienced in developing responsive full-stack web applications and implementing RESTful APIs.

EDUCATION

- **MCA** - Mother Theresa Institutions 2023 – 2025
CGPA: 7.8
- **B.Sc (Mscs)** - Shri Gnanambica Degree College 2020 – 2023
CGPA: 7.9
- **Intermediate (MPC)** - Sri Vivekananda Jr College 2018 – 2020
CGPA: 6.87
- **Secondary School (SSC)** 2017– 2018
CGPA: 8.7

TECHNICAL EXPERTISE

- Programming Language : Java
- Frameworks : Spring Boot
- Web Services : REST Web Services
- Web Technologies : HTML, CSS, JavaScript
- Database : MySQL
- Servers : Apache Tomcat
- IDE : Eclipse, VS Code
- Version Control System : Git & GitHub
- Build tools : Maven

PROJECTS

Auditorium Management System (2025)

- Developed a web-based Auditorium Management System to automate event scheduling and seat booking with real-time availability tracking.
- Designed a user-friendly interface and implemented efficient booking and management functionalities.
- **Role:** Contributed to backend development, database design, and testing of event scheduling and seat booking modules.
- **Technologies Used:** Python, Django, JavaScript, MySQL, HTML, CSS

Hospital Management System

- Developed **6+ modules**, including Doctor, Patient, Appointment, Billing, and Payment Management.
- Designed and integrated **10+ REST APIs** using Spring Boot and Spring Data JPA.
- Created a MySQL database with **multiple relational tables** to manage hospital records efficiently.
- **Technologies Used:** Java, Spring Boot, Spring Data JPA, MySQL, Thyme leaf, HTML, CSS

INTERNSHIP

Full Stack Web Development Intern

VStand4U Solutions, Bangalore

- Developed web applications using Java, Spring Boot, HTML, CSS, and JavaScript.
- Developed and tested REST APIs using Spring Boot.
- Worked with MySQL for database management and SQL queries.
- Used Git, GitHub, Maven, Postman, and Eclipse/VS Code for development and testing.

EXPERIENCE

Application Tester

MindSquare Technologies, Bangalore

- Performed Manual Testing, Functional Testing, and Regression Testing for healthcare applications.
- Executed test cases, identified defects, logged bugs, and tracked issue resolution.
- Verified bug fixes by performing re-testing and regression testing.
- Prepared test cases, test reports, defect reports, and testing documentation.
- Collaborated with developers and QA team to ensure software quality and timely defect resolution.
